**Subject:** draft R5 Factor 3 docs 1/3  
**Attachments:** Madison Met\_Chloride Variance Public Notice Documents.pdf

Hi Debra,

I am sending a set of documents that Madison WI public noticed for a factor 3 variance. The action hasn't come into R5 for approval, but I thought you would want to see what others are doing for evaluations of human caused conditions and evaluating different options. Also see the link below as it's too big for me to send the PDF:
